

Summer Newsletter

2022

Welcome to Living Potential's Summer Newsletter

Woodland Cabin

After months of work, our woodland cabin has been renovated and is ready to be used! We're looking forward to welcoming the Enchanted Forest Family Camp and Inspired Nation here in a few weeks. If you or your business would like to hire the cabin, speak to Tanya.

Two new ducks!

We welcomed two new ducks to the Living Potential family recently. They're settling in well and enjoying the enclosure.

Pet Lambs!

Maya and Bessie were orphan lambs so the LP team stepped in to hand-rear them!

They're living happily with the Alpacas and the pigs and are fantastic to be around. Bessie's floppy ears mean she's got quite the fan club. They have a home for life here on the farm.

Summer Fair!

We're so excited for the Living Potential Summer Fair on Saturday 23rd July and can't wait to welcome you to the farm. The fair kicks off with our awards ceremony at 12 pm.

Animal Care Skills at Hope Pastures

What an amazing time our members are having at Hope Pastures Horse and Donkey Sanctuary in Leeds. Every week their confidence comes on leaps and bounds

Kune Kune Pigs

The three Kune Kune pigs are settling in well and growing steadily. They arrived just after the barrage of storms we faced in the winter/spring so we have named them Dudley, Herman and Nazir.

They enjoy grazing with the lambs and alpacas during the day and will run up to you squealing when you enter the field!

Did you know?

Pigs cannot sweat! They have sweat glands but have evolved to cool down in other ways. Such as basking in water or through respiration.

Pigs also grow slowly, our three Kune Kune pigs won't be fully grown for another year and a half!

Living Potential Eggs

Our hens eat a natural diet and are free to roam and do what comes naturally to them. LP eggs come in a variety of colours and sizes and are, well, delicious!

If you know of a local business that might be interested in having our eggs they can email us at:
